KALOT GROUP · TECHNICAL ILLUSTRATION · NOT TO SCALE

3. Two-hole model

70 × 40 × 5 · two M10 threads · L 40

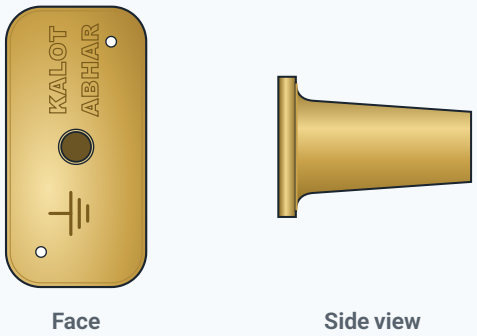

For two conductors, for example the earth bar conductor and the lightning protection down conductor.

2. Vertical single-hole model

40 × 80 × 5 · one M10 thread · L 55

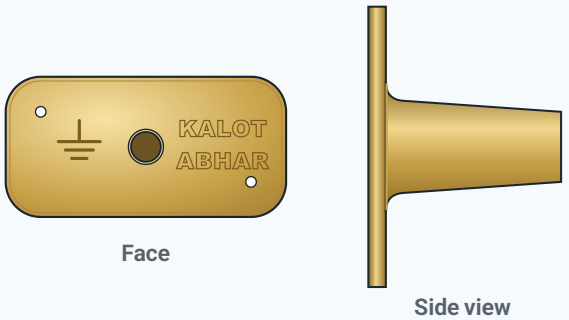

The same plate in a vertical layout, for a narrow column or a vertical conductor.

1. Horizontal single-hole model

80 × 40 × 5 · one M10 thread · L 55

For one external conductor; plate horizontal on a wall or column.

In all three models the plate sits flush with the concrete face, and the stem behind it connects to the reinforcement through a copper conductor and a U clamp; the earthing or bonding conductor is fixed with a cable lug on the M10 bolt.
