Exploded view of the SBRC 2030 foundation earthing/bonding clamp

Not to scale

Exploded view (side view)

No.	Part	Quantity	Material
1	U-shaped frame with two C jaws	1	Steel
2	Pressure jaw with V groove	1	Steel
3	Screw M10 × 45	1	Steel
—	Reinforcing bar and conductor (not part of the clamp)	—	—

The frame sits on the reinforcing bar, which lies in the V groove under the jaws. The conductor is laid on the reinforcing bar; the pressure jaw fits on top of the frame, and tightening the clamp's single screw makes its V groove press the conductor onto the reinforcing bar.

Our products are continually improved and some dimensions may be updated; please confirm the final dimensions with our specialists before you buy.

This document is not contractual; we may update product design, dimensions, weights and images without prior notice.
