G-type clamp connection modes

Views not to scale

ERCC

KALOT GROUP · TECHNICAL ILLUSTRATION · NOT TO SCALE

3. Two bodies for two earth rod diameters

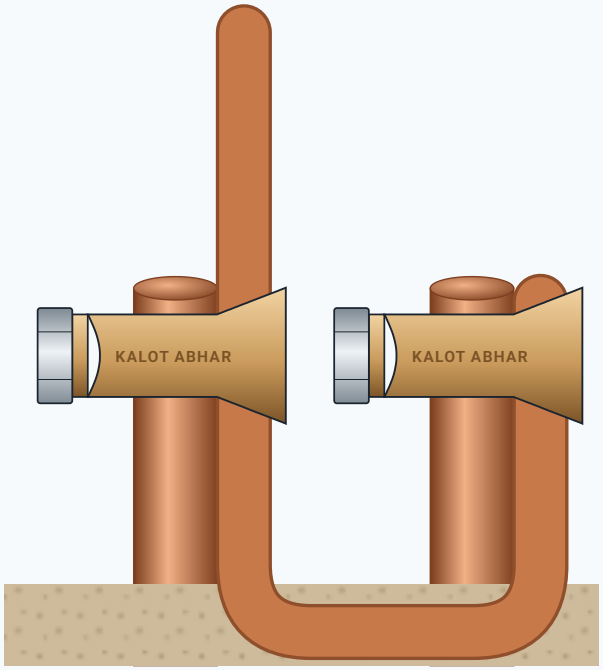

G 5/8 · 5/8 inch earth rod

G 3/4 · 3/4 inch earth rod

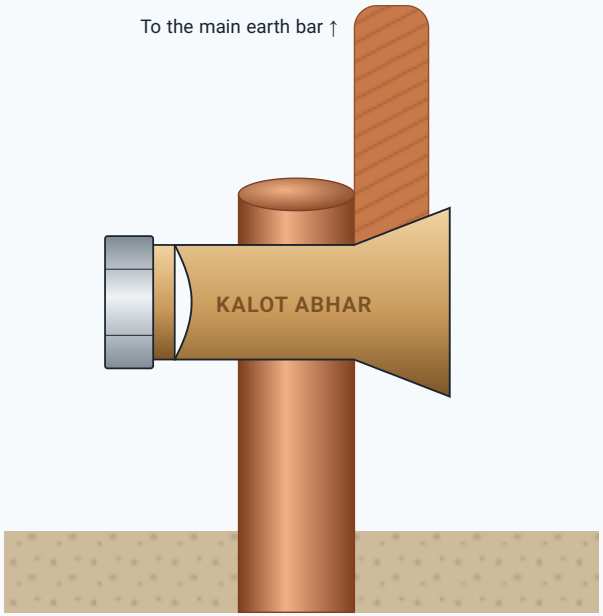

Front view: bolt on the earth rod, conductor in the V-shaped end. Choose the code from the code table by earth rod diameter and conductor cross-section.

2. Through-run conductor over a row of earth rods (illustrative)

The conductor is threaded through each clamp opening; the clamp loop is closed, so the conductor passes through it before tightening.

1. Conductor end on a single earth rod

This document is not contractual; we may update product design, dimensions, weights and images without prior notice.
