Conventional air rod in nickel-chrome plated copper: rooftop installation schematic

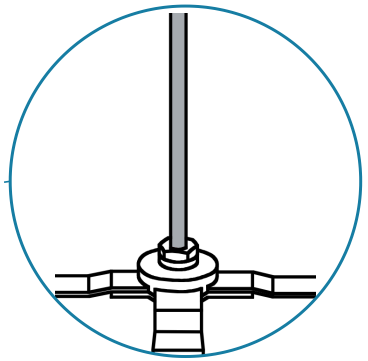

KALOT technical illustration · illustrative layout · not to scale

ATN 0516 … ATN 2020

KALOT GROUP · TECHNICAL ILLUSTRATION · NOT TO SCALE

Detail A: air rod on base with lock nut (KALOT master drawing)

1. Conventional air rod in nickel-chrome plated copper (ATN)
2. Air rod base and lock nut
3. Roof conductor: a loop on the parapet linking all bases
4. Roof conductor connection to the air rod base
5. Down conductor on the facade
6. Wall fixing clamp for the conductor
7. Test joint; for disconnection and measurement
8. Earth electrode / earthing system

The system designer sets the number, height and spacing of air rods and the conductor routes; this figure is an illustrative layout.

Detail A is from the KALOT master drawing; the rest is technical illustration.

This document is not contractual; we may update product design, dimensions, weights and images without prior notice.
