Tape-to-metal plate bonding clamp: installation schematic on a steel column

Bonding steelwork with copper tape · illustrative, not to scale

BBCS 253

KALOT GROUP · TECHNICAL ILLUSTRATION · NOT TO SCALE

Illustrative schematic; the system designer sets the conductor route and bonding points.

The tape and steel flange are drilled at the bolt position.

Remove paint or coating at the contact area as designed and protect it after installation.

This document is not contractual; we may update product design, dimensions, weights and images without prior notice.
