Exploded view of the three-piece U clamp for connecting two conductors to earth rod and reinforcing bar

UBTV 1416

KALOT GROUP · TECHNICAL ILLUSTRATION · NOT TO SCALE

Not to scale

Exploded view (along the earth rod)

Material	Quantity	Part	No.
Stainless steel	1	U-bolt	1
Brass	1	Front plate (earth rod side)	2
Copper	—	First conductor (not part of the clamp)	3
Brass	1	Middle plate	4
Copper	—	Second conductor (not part of the clamp)	5
Brass	1	Outer plate, with KALOT mark	6
Stainless steel	2	M8 washer and nut	7

The front plate seats on the earth rod or reinforcing bar; the first conductor sits between the front and middle plates and the second between the middle and outer plates. Each conductor can pass through the centre hole in line with the earth rod or through the cross hole at right angles to it.

Our products are continually improved and some dimensions may be updated; please confirm the final dimensions with our specialists before you buy.

This document is not contractual; we may update product design, dimensions, weights and images without prior notice.
